

# Fake news

## Students

How to identify fake news: consider the source, the author, the date, spelling errors and hyperlinks

Don't trust everything you see or read online

## Parents

Remind your children that they can always ask you to help them determine what is real

Motivate your children to get a balanced feedback by checking several sources – not just one

## Teachers

Teach Critical Thinking Skills in your classroom

Advise your students how to safely navigate and wisely evaluate online information
