

Online gambling

Students

The minimum legal age for most types of online gambling is 18

Online gambling can be very addictive and is associated with poor physical and mental health

Parents

Make sure your children do not have access to your credit/debit cards and they are not linked to shared digital devices

Use parental control apps and filtering software that blocks access to online gambling sites

Teachers

Talk to your students about the potential harmful effects of online gambling

Advise your students about online gambling advertising in social media apps or sites
